

Activate Games

Product Introduction

Activate Games combines fitness, fun, and technology into one immersive experience. Step into interactive arenas where lights, sensors, and real-time scoring bring every move to life.

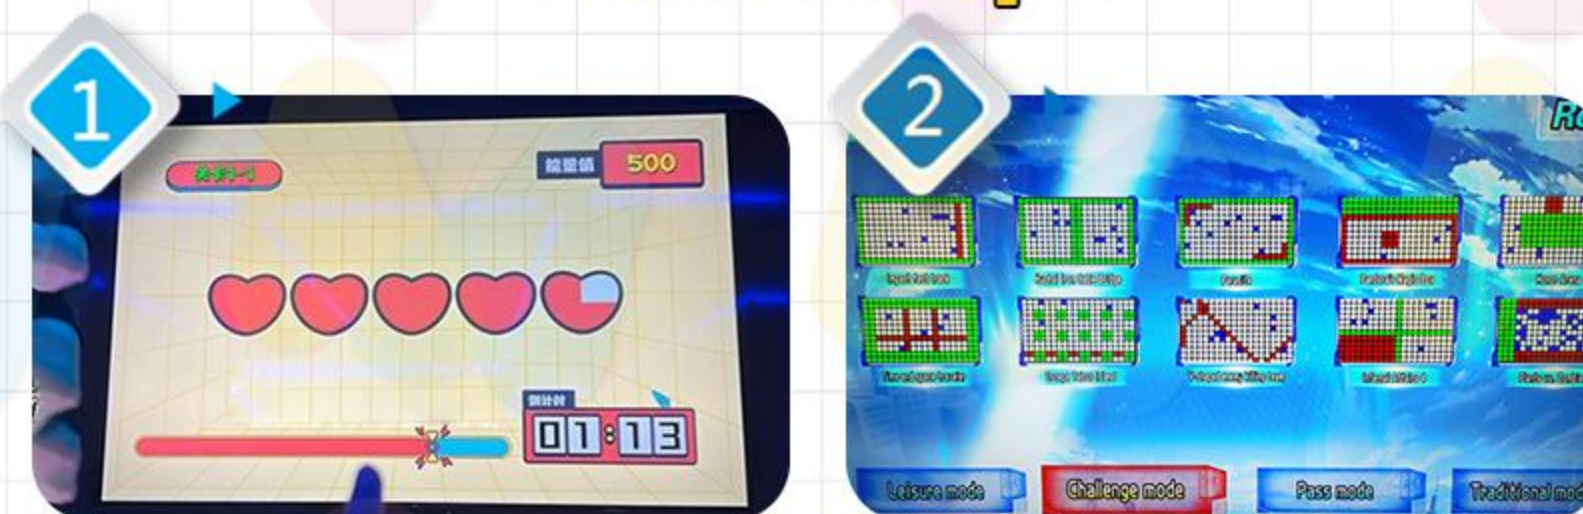

- Run, jump, throw, and touch—your actions control the game.
- Team challenges and multiplayer modes make it perfect for friends, families, and groups.

More than a game—it's a new way to play, compete, and stay active!

Custom plans for any venue

Game steps

Tap on the display to enter the game screen, then step on the blinking grid on the ground with your foot to start the game

Congratulations, successful challenge!

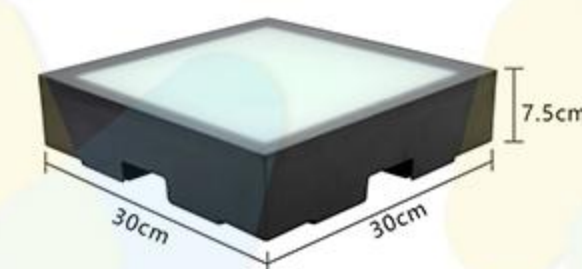

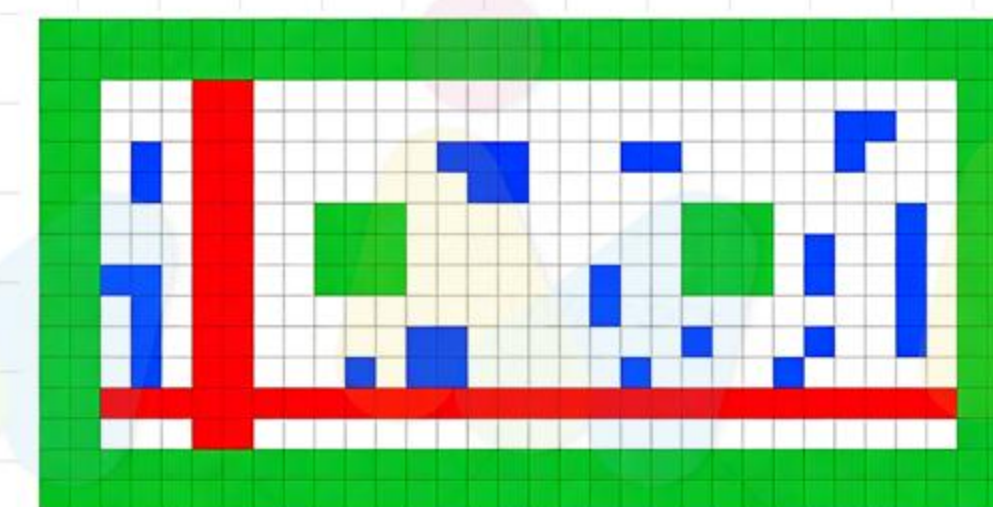

If you fail the challenge, you can choose to restart the game

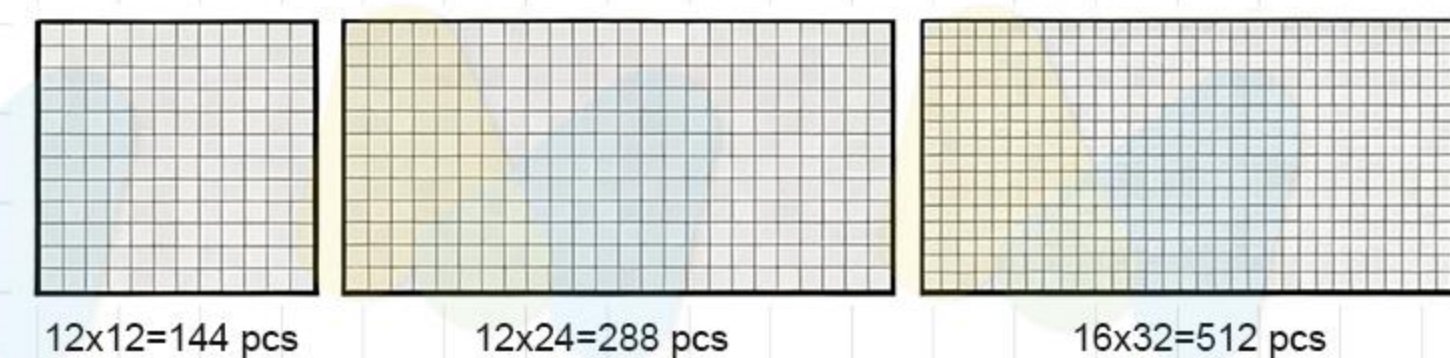

You can view your historical scores, or step on the flashing grid to re-enter the level

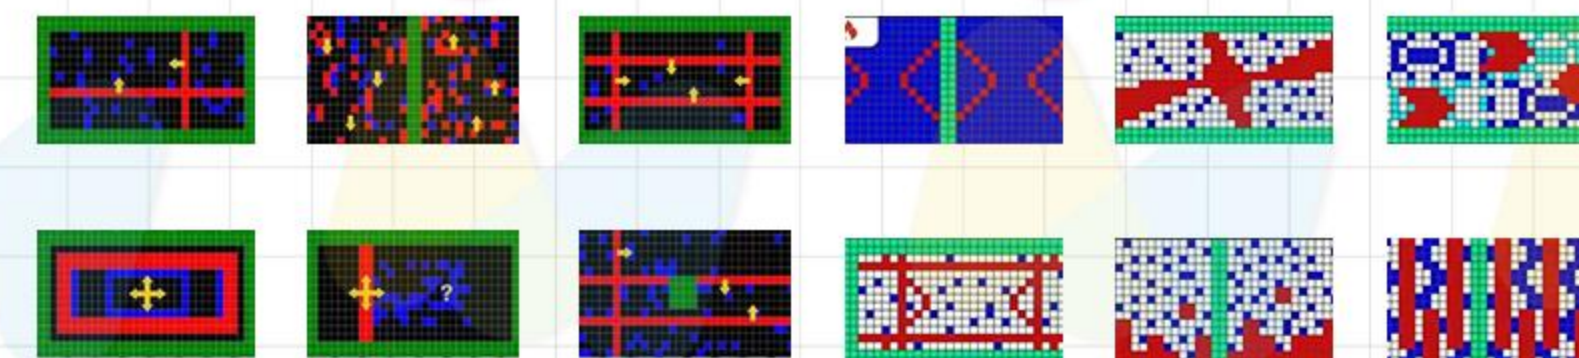

- Red grid is the danger zone
- Blue grid is the elimination zone
- Green grid is the safe zone

Suggested configuration of games room.
